Summary

I am a computer science student, and software engineer. I am reliable, can work in team, can learn quickly, and very passionate about software engineering especially in web development and server side programming. Have been working in this field with 2+ year of experience including my contribution in open source projects, and have gained practical experience in working collaboratively and delivering quality solutions.

Experience

Frontend Web Developer
(Aug 2022 - Oct 2022)

Duitin Indonesia (Freelance)
